

CYBERSECURITY, IT ASSURANCE & GOVERNANCE CONFERENCE 2023

THEME: BUILDING DIGITAL TRUST & CYBERSECURITY RESILIENCE IN A DIGITAL WORLD FOR SUSTAINABLE DEVELOPMENT

Date: 21st - 24th August 2023
Time: 8:30AM - 5:30PM
Location: Sheraton Petaling Jaya Hotel, Selangor

**7 CPE HOURS
PER DAY**

Pre-Conference Workshop:

- 21st - 22nd August 2023

Conference:

- 23rd - 24th August 2023

KEY HIGHLIGHTS

20+ Topics & 2 Main Tracks

covering Cybersecurity, IT Assurance / Auditing, IT Risk and IT Governance

More than 20 Speakers & Panelists

from around the world sharing their insights at the 21st annual ISACA Malaysia Chapter's CIAG conference

200+ Participants & 9 Industries

represented in ISACA Malaysia's Chapter's CIAG Conference 2022

SUPPORTING ORGANIZATIONS

www.isaca.org.my

ABOUT

The rapid advancements in technology and the emergence of new digital solutions have accelerated the digital transformation agenda. Many organizations are beginning to feel the pressure to leverage digital opportunities or risk falling behind in the competition. Along with this comes rising concerns over the risks of technology and digital adoption, including security, privacy, and technology resiliency.

The CIAG 2023 Conference will feature multiple points of view presented by our esteemed subject matter experts through various plenary, panel, and masterclass sessions. The CIAG has a strong history of bringing in subject matter experts from around the world, and this year is no exception. The two-day event will also feature a series of sharing sessions from esteemed speakers representing both local and international perspectives.

The main conference on August 23rd will feature keynote addresses, plenaries and panel discussions, while August 24th will feature concurrent management and technical masterclasses covering the latest developments in cybersecurity, IT governance, business continuity management, and assurance within the context of digital trust. These classes are designed to provide practical experiences and shared thoughts from the speakers.

PRE-CONFERENCE WORKSHOPS

DAY 1 | 21st August 2023

DAY 2 | 22nd August 2023

CONFERENCE DAY 1 | 23rd August 2023

CONFERENCE DAY 2 | 24th August 2023

Pre-Conference Workshop 1

21st - 22nd August

Auditing Cybersecurity - Auditing What Matters

Tichaona Zororo
Director, Enterprise Governance of IT (EGIT)

Introduction

- Cybersecurity is one of the biggest risk facing today's organizations. Recent cybersecurity attacks indicate more threatening ones ahead as evidenced by numerous disruptive breaches that often require affected organizations to pay hundreds of millions of US dollars to cover costs of the attacks.
- In today's world of increased digital vandalism, Auditors play an integral role in ensuring that cybersecurity risks are addressed appropriately; It has not only become imperative that risk-based Auditors should include cybersecurity in their agile risk-based audit plans but audit what matters in cybersecurity.

Course Topics:

In this 2-day workshop, participants will explore the following topics:

- Define and understand cybersecurity
- Understand the difference between information security and cybersecurity
- Comprehend cybersecurity concepts and definitions
- Appreciate in-depth Incident Response Plan [IRP]
- Understand automotive cybersecurity
- Define cybersecurity governance
- Gain skills and knowledge to perform a value-adding cybersecurity auditing
- Learn practical ways of auditing cybersecurity and auditing lessons from some renowned cybersecurity attacks
- Learn emerging trends in cybersecurity

Pre-Conference Workshop 2

21st - 22nd August

Leadership for Tech and Security Professionals

Jo Stewart-Rattray
Director, Technology & Security Assurance, BRM Advisory

Introduction

- Leading high performance technology and security teams to maintain organizational functionality and add strategic value to the company is no easy feat. It requires an ability to convey complex information to non-tech executives, colleagues and clients. A tech or security leader must combine an understanding of their contribution to business strategy.
- This 2-day workshop will explore strategies for creating team culture and driving team's performance Participants will learn how to communicate well as a leader, engage staff an stakeholders while adding strategic value to their organizations through enhanced technology or security leadership.

Course Topics:

In this 2-day workshop, participants will explore the following topics:

- Develop self-awareness and authenticity
- High level communication, influence and negotiation skills
- Develop self and others with "reflective leadership"
- Strategic career progression
- Transformational leadership strategies to accelerate team performance
- Drive change and innovation
- Remain productive in a crisis
- Action planning for leadership

CONFERENCE

DAY 1

Wednesday
23rd August

8:45 AM

OPENING REMARKS

Adrian Foo
Conference Chairperson,
ISACA Malaysia Chapter

OPENING KEYNOTE
ADDRESS

8:50 AM

Mohd Muazzam Mohamed
CEO, Bank Islam Malaysia

PLENARY

**Cybersecurity and the Human Brain:
Neurological Insights into
Information Security**

Krishna Rajagopal
Group CEO, AKATI Sekurity

PLENARY

10:05 AM

**Build a Secure and Resilient Future
with Cybersecurity Mesh
Architecture (CSMA)**

Brian Chang
Solution Consultant & Advisory, Fortinet
Malaysia

10:50 AM

BREAK

Morning Break 10:50am - 11:20am

PLENARY 1

11:20 AM

12:00 PM

PLENARY 2

**Breaking the Chains of Doubt: Building
Digital Trust in an Era of Distrust**

Leonard Ong
Senior Director, Regional Information Security
Officer, Intercontinental & China, GE Healthcare

**Batting Frauds and Scams in the
Financial Services Sector**

Meling Mudin
CISO, Payments Network Malaysia Sdn Bhd

BREAK

12:40 PM

Lunch Break 12:40 PM - 2:00 PM

2:00 PM

PLENARY 3

**Implementing the Digital Trust
Ecosystem Framework**

Tichaona Zororo
Director, Enterprise Governance of IT

PLENARY 4

2:40 PM

**The Good, the Bad and the Ugly
of Innovation and Technological
Change in the Digital Age**

Jo Stewart-Rattray
Director, Technology & Security
Assurance, BRM Advisor

3:20 PM

BREAK

Afternoon Break 3:20 PM - 3:50 PM

PLENARY 5

3:50 PM

4:30 PM

PANEL DISCUSSION

**The Intersection of Digital Trust,
Cybersecurity, and Compliance**

Moderator

Nickson Choo, Deputy Director, Technology Risk, Bank
Negara Malaysia

Panelists

Sarbnedhan Sandhu, General Manager, Cyber Security,
Securities Commission Malaysia

Dato' Merina Abu Tahir, ACCA Council
Muslim Mansor, Head, Cyber Threat & Incident
Management, CelcomDigi

Leonard Ong, Senior Director, Regional Information
Security Officer, Intercontinental & China, GE Healthcare

THE END

SPEAKERS

DAY 1

Wednesday
23rd August

PLENARY SPEAKERS

**MOHD MUAZZAM
MOHAMED**

CEO, Bank Islam Malaysia

**KRISHNA
RAJAGOPAL**Group CEO,

Information Security
Officer, Intercontinental &
China, GE Healthcare

SCHEDULE

DAY 1

Wednesday
23rd August

8:45 AM

OPENING REMARK

8:50 AM

Adrian Foo • *Conference Chairperson, ISACA Malaysia Chapter*

8:50 AM

OPENING KEYNOTE ADDRESS

9:20 AM

Mohd Muazzam Mohamed • *CEO, Bank Islam Malaysia*

In Muazzam's keynote address, he will share insights on how banks are pursuing sustainable development from a banking perspective and how ISACA members can contribute to this pursuit.

9:20 AM

CYBERSECURITY AND THE HUMAN BRAIN: NEUROLOGICAL INSIGHTS INTO INFO SECURITY

10:05 AM

Krishna Rajagopal • *Group CEO, AKATI Sekurity*

In this groundbreaking talk, we delve into the fascinating intersection of neuroscience, psychology, and cybersecurity. Through analyzing certain aspects of human cognition, we aim to uncover valuable perspectives that could refine our protective digital structures. Join us into the less-trodden domain linking cognitive studies and digital security.

10:05 AM

BUILD A SECURE AND RESILIENT FUTURE WITH CYBERSECURITY MESH ARCHITECTURE (CSMA)

10:50 AM

Brian Chang • *Solution Consultant & Advisory, Fortinet Malaysia*

Cybersecurity Mesh Architecture (CSMA) is an architectural approach proposed by Gartner® that promotes interoperability between distinct security products to achieve a more consolidated security posture. In this session, Brian will discuss the following:

- Cost saving and reducing operational complexity while ensuring compliance
- Emphasize interoperability as well as analytics, intelligence, centralized management, and automation
- Integration with a broad ecosystem of technologies

10:50 AM

MORNING BREAK

11:20 AM

Break for 30 minutes

SCHEDULE

DAY 1

Wednesday
23rd August

11:20 AM

12:00 PM

BATTING FRAUDS AND SCAMS IN FINANCIAL SERVICES

Meling Mudin • *CISO, Payments Network Malaysia Sdn Bhd*

Meling will be sharing views and insights from the perspective of a payments network operator, on scams and frauds. Meling will discuss the current state of frauds and scams in the country, current countermeasures to combat frauds and scams and new initiatives in the effort to fight against scams and frauds.

12:00 PM

12:40 PM

BREAKING THE CHAINS OF DOUBT: BUILDING DIGITAL TRUST IN AN ERA OF DISTRUST

Leonard Ong • *Senior Director, Regional Information Security Officer, Intercontinental & China, GE Healthcare*

In today's digital landscape, data breaches and cyber threats have created a pervasive sense of distrust in the security and reliability of digital systems. Building digital trust is essential to overcoming this distrust and ensuring that organizations can operate safely and securely in the digital world. In this presentation, we will explore the key elements of digital trust, including security, privacy, reliability, transparency, and compliance. We will discuss how organizations can implement strategies and best practices to build and maintain digital trust, and address the challenges and risks that can undermine trust. Join us as we break the chains of doubt and learn how to build digital trust in an era of distrust.

12:40 PM

2:00 PM

LUNCH BREAK

Break for 1 hour and 20 minutes

2:00 PM

2:40 PM

IMPLEMENTING THE DIGITAL TRUST ECOSYSTEM NETWORK

Tichaona Zororo • *Director, Enterprise Governance of IT (EGIT)*

In an era where new digital technologies are fundamental to every aspect of business and social interaction and growth trust gap between individual citizens and consumers, government and businesses that create and deploy technologies is widening and growing year on year. Losing digital trust is financially damaging and harm digital transformation and technological innovation. Without tangible and significant action to earn digital trust citizens and enterprise will not fully be able to benefit from new business and engagement models that digital technologies provide.

In this session, Tich will talk about Digital Trust Ecosystem Framework [DTEF] and how DTEF will provides an innovative digital trust and transformation approach for enterprises to prioritise digital trust.

SCHEDULE — DAY 1

Wednesday
23rd August

THE GOOD, THE BAD AND THE UGLY OF INNOVATION AND TECHNOLOGICAL CHANGE IN THE DIGITAL AGE

2:40 PM

3:20 PM

Jo Stewart-Rattray • *Director, Technology & Security Assurance, BRM Advisor*

Digitization is a double edge sword that can both promote and generate bias on social norms, gender and race equality. Jo, who recently returned from the United Nations' Commission on the Status of Women, will share learnings on how we can all work together to overcome some of these biases and to give an online voice to the voiceless and create safe spaces for individuals to interact together.

3:20 PM

3:50 PM

AFTERNOON BREAK

Break for 30 minutes

BUILDING OPERATIONAL RESILIENCE AGAINST OPERATIONAL DISRUPTION

3:50 PM

4:30 PM

Dr. Goh Moh Heng • *President, BCM Institute*

Dr. Goh will discuss and address the following topics in his plenary session:

- Revisiting Operational Resilience versus Business Continuity and Crisis Management and Cyber Resilience
- Embarking on the Operational Resilience Journey
- Enlarge current scope to include business services and impact tolerance

THE INTERSECTION OF DIGITAL TRUST, CYBERSECURITY, AND COMPLIANCE

4:30 PM

5:30 PM

Nickson Choo

Dato' Merina Abu Tahir

Sarbnedhan Sandhu

Muslim Mansor

Leonard Ong

- *Deputy Director Technology Risk, Bank Negara Malaysia*
- *ACCA Council*
- *General Manager, Securities Commission Malaysia*
- *Head, Cyber Threat & Incident Management, CelcomDigi*
- *Senior Director, Regional Information Security Officer, Intercontinental & China, GE Healthcare*

Focus on the intersection of digital trust, cybersecurity, and compliance, and how organizations can navigate the complex landscape of regulations and requirements. Discuss how digital trust and cybersecurity can be integrated into compliance frameworks and how technologies like ChatGPT can help organizations achieve compliance while enhancing security and trust.

CONFERENCE DAY 2

Thursday
24th August

WELCOME BACK & RECAP MESSAGE

8:30 AM

Kenneth Ho
Conference Co-Chairperson, ISACA
Malaysia Chapter

SCHEDULE

DAY 2

Thursday
24th August

8:30 AM

WELCOME BACK & RECAP MESSAGE

8:40 AM

Kenneth Ho • *Conference Co-Chairperson, ISACA Malaysia Chapter*

STRENGTHENING DIGITAL TRUST AND CYBERSECURITY RESILIENCE IN BANKING: THE ROLE OF INTERNAL AUDIT FOR SUSTAINABLE DEVELOPMENT

8:40 AM

9:20 AM

Retnendran Sivasupramaniam • *Portfolio Audit Head, Technology, Digital & Data Analytics, Ambank Group*

Internal audit functions play a critical role in ensuring trust, resilience, and sustainable growth. This presentation explores the significance of building digital trust and cybersecurity resilience in the banking sector, with a specific focus on the responsibilities and contributions of internal audit teams.

9:20 AM

10:00 AM

ACHIEVING AN EFFECTIVE TRUSTED DATA SHARING ECOSYSTEM: EQUATION FOR SUCCESS

Ong Khai Chiat • *Partner, Data and Analytics Leader, Risk Services, PwC Malaysia*

With the growing demand for big data analytics and AI/ML applications, organizations are faced with the challenge of ensuring their internally generated data can keep up. Many turn to data acquisition and sharing to support their data initiatives. However, effectively tapping into the wider data ecosystem requires careful consideration and evaluation of the shared data's value. This topic explores the key factors organizations should consider when accessing external data sources and emphasises the importance of building a trusted data sharing ecosystem.

10:00 AM

10:40 AM

FIRESIDE CHAT : SUSTAINABLE INNOVATION: BRIDGING THE GAP BETWEEN SUSTAINABILITY AND CYBERSECURITY

Clarence Chan • *ISACA Malaysia Chapter*Murari Kalyanaramani • *CISO, UOB Singapore*Shahariz Abdul Aziz • *Director, Digital Transformation Bank Islam Malaysia Berhad*Gilbert Kohnke • *CRO, Maybank, Malaysia*

Focus on how organizations can bridge the gap between sustainability and cybersecurity, and how technologies and AI can be used to support sustainable innovation. The discussion will explore how sustainability and cybersecurity initiatives can be integrated into digital innovation strategies, and how organizations can balance the need for innovation with the need for security and sustainability.

10:40 AM

TECHNICAL

Modernize your Vulnerability and Risk Management Program for Increased Cyber Resiliency

Hoggai Polak

- Chief Product Officer, Skybox Security

In this session Hoggai will discuss the latest research, markets and programs for Vulnerability and Risk Management. The session will address how Continuous Threat Exposure Management (CTEM) is gaining ground as the recommended program to ensure effective risk prioritization and reduction, increasing an organizations Cyber Resilience.

MANAGEMENT

What Auditors Get Wrong About Auditing Cybersecurity

Tichaona Zororo

- Director, Enterprise Governance of IT (EGIT)

Most auditors who follow a risk based agile audit approach will certainly have cybersecurity auditing in their dynamic agile audit plan. But why cyberattacks continue to scale at unprecedented, alarming scale? What is it that auditors are not getting right when it comes to auditing cybersecurity?

Join Tich as he shares insights on what auditors get wrong about auditing cybersecurity.

TECHNICAL

The Importance of Privilege Access Management in Today's Digital Age

Brandon Low

- CEO & Co-Founder, SecureKi Sdn Bhd

In today's digital age, Privilege Access Management (PAM) plays a critical role in protecting organizations from data breaches, insider threats, and system compromises. By implementing robust PAM practices, organizations can prevent unauthorized access to sensitive data, safeguard critical systems and infrastructure.

MANAGEMENT

Personal Data Protection: From Compliance to Managing Digital Trust

Dr Sonny Zulhuda, Ph.D

- Associate Professor, International Islamic University Malaysia

In this masterclass, participants will learn the principles of data protection and the key compliance issues, from the basis of data processing to data security standards and best practices; and from the risk of automation to the duties of data protection officers.

SCHEDULE

DAY 2

Thursday
24th August

2:30 PM

5:00 PM

Trust by Design - The Key to Good Green Energy

Jaco Benadie

- Partner, Cybersecurity and Risk, EY Consulting Malaysia

The digital transformation in renewable energy relies on disruptive technologies and innovations integrating the different types of renewable energy into the bulk grid, to accelerate green energy transition. Its important to note that this transformation could also increase vulnerability to the one technological risk of widespread cybercrime and cyber insecurity. Join Jaco as he explains how we can overcome the green cybersecurity challenge through Trust by Design.

MANAGEMENT

ISACA Global Perspective of Digital Trust Framework

Jo Stewart-Ratray

- Director, Technology & Security Assurance, BRM Advisory

We have countless digital interactions every day, all of which are underlined by a single element: trust. It should be said that trust is actually the underpinning factor in all relationships and is central to almost every interactions we have in the human world. Given the expanding digital world in which we live and work now is the time to explore what digital trust is and what is means to each of us both personally and professionally.

5:30 PM

Closing remarks and lucky draw before the end of conference

ABOUT ISACA MALAYSIA CHAPTER

ORGANIZERS

The ISACA Malaysia Chapter Board members and volunteers, along with the ISACA Malaysia Chapter's Secretariat, are responsible for organizing the conference. These Board members and volunteers are not compensated and have generously contributed their time and effort to ensure the success of the conference. They are involved in all aspects, from planning and organization to execution. The net proceeds from all previous editions of the conference are dedicated to supporting the ISACA Malaysia Chapter and its many events, which benefit the members.

ISACA MALAYSIA CHAPTER

Our organization is the local chapter affiliate of an international body of Information Governance Professionals known as ISACA (previously known as the Information Systems Audit and Control Association, ISACA now goes by its acronym only, to reflect the broad range of IT governance professionals it serves). With a membership of over 1,400 members locally, we are classified as a very large chapter. ISACA Malaysia Chapter was established way back in November 1984.

Secretariat Address

Important Information

As good practice, ISACA Malaysia Chapter is informing you that your personal data will be processed, retained and used by ISACA Malaysia Chapter in relation to this training event. Your personal data may also be retained and used by ISACA Malaysia Chapter to market and promote training events conducted by ISACA Malaysia Chapter.

ISACA Malaysia Chapter reserves the right to make changes / amendments to the program should unavoidable circumstances arise.

Registration will only be confirmed upon receipt of registration e-form, followed by payment. Payment has to be made before the Pre-Conference Workshop or Conference to guarantee the delegate's place.

A service charge of 10% will be deducted from the refund for cancellations received in writing by **August 4th, 2023**. No refunds will be issued for requests received after this date. Substitutions are allowed for registered delegates.
